

UPDATE:

In order to practice social distancing as recommending by the AVMA and WHO, the following protocols will be put in place:

- **First and foremost, if anyone in your family or anyone you have been in contact with is displaying symptoms of ANY virus (coughing, fever, or shortness of breath) we kindly ask that you ONLY keep the appointment if it is urgent in nature and a healthy individual accompany your pet. If you have traveled out of the area, please consider rescheduling your appt until at least April.**
- **If you have an appointment, PLEASE call 609-884-1729 to check in and wait outside. Only 1 person should accompany your pet. When your exam room is ready, a staff member will escort you. If you would rather wait in your car while we see your pet, we will come out to get them, bring them in for their exam, and return them to the vehicle and you can make a payment over the phone. Exams will be conducted in our treatment area without the owner present.**
- **If you need to pick up food or prescriptions, please call ahead. When you arrive, please call 609-884-1729, and our front desk will process your payment over the phone and bring your supplies out to you.**
- **You can utilize our online pharmacy to order medication, preventatives, and food as well. www.capemayvet.com – For Link**

We will continue to follow protocols put in place by the American Veterinary Medical Association and local officials and do our best to keep you notified of any changes. We appreciate your patience and understanding.
